### KIWANIS INTERCLUB CREDIT

Clubs with four or more players will receive Interclub Credit

Kiwanis Traveling Trophy

The 2010 Kiwanis Traveling Trophy was won by a team from the Lincoln Center Kiwanis Club. The winning team members were Dave Anderson, Doug Anderson, Larry Graham and Chris Graham.

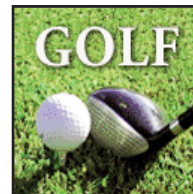

The Lincoln Center Club will have another opportunity to defend their title at this year's fundraising event.

To be eligible to win this trophy your team must include at least two Kiwanis members from the same Kiwanis Club.

*Lincoln Center has a long history of community service in Lincoln and offers a wide range of activities to improve the world, "one child, one community" at a time. The weekly meetings occur on Friday at noon on the 20th floor of the US Bank building, providing an excellent vision of a community that is vibrant and growing. Lincoln Center Kiwanis club provides regular support for the Children's Zoo and Museum, the back pack program and other food related issues for children, as well as many other projects too numerous to mention. The club has a strong ag and environment background, and the soil project has helped educate thousands of first graders in Lincoln. This year's new project emphasis for the Nebraska-Iowa district will be the teammates program. The emphasis for Kiwanis International will be to eliminate Maternal-Neonatal Tetanus. Lincoln Center Kiwanis will be working to improve communication of our many community service opportunities so that each member can select those activities that fit with his/her schedule, strengths and interests.*
